GERMAN REVOLT CAUSES ANXIETY

Intervention by Allies Regarded as Imminent

TO MARCH ON BERLIN

Old Government Removed From Dresden to Stuttgard—Hindenburg Still Popular Hero.

Washington, March 15.—Astonished by the suddenness and success of the revolutionary uprising in Germany, the highest officials here are unanimous in viewing the move as a militaristic coup and one which might demand intervention by the allies in Germany.

There is a strong suspicion here that the ring-leaders in the uprising are acting on behalf of the Kaiser or one of his sons.

One of the gravest expectations here is that the revolt will result in the elevation of von Hindenburg to the German dictatorship, with the Pan-Germans again in the saddle, and later a Hohenzollern on the throne.

The cable dispatches from Berlin show that Von Hindenburg is the great popular hero, but he, in the last analysis is merely the creature of Ludendorff, master mind of the German army and leader of the Kaiser band. Still another of the dangerous leaders in Germany at this time is Von der Goltz, who was commander of the German troops in the Baltic states and it was units of this command that made the coup d'etat successful.

The first danger of the German revolution is to France, Belgium and Great Britain, and it is believed here that the allies will speedily intervene.

The new government will, if it retains its hold, be asked immediately whether or not, it intends to conform to the terms of the armistice and this request will probably be made by the United States.

Berlin, March 15.—The old German Government has removed from Dresden to Stuttgart.

The semiofficial news agency professes to have learned that the South German regiments have espoused the cause of the new government and that their commander-in-chief fled.

It asserts also that General Merker at Dresden declared for the new government, whereupon President Ebert, Minister of Defense Nosk and Chancellor Bauer, of the old Government, went to Stuttgart.

Sanguinary encounters between workmen and troops have occurred in Frankfort.

A general strike has been called for Monday in Breslau, Magdeburg, Nuremburg and Frankfort.

The Independent Socialist party, with affiliated trades union and other organizations, has proclaimed a general strike throughout Germany.

Bavaria, Wurttemburg and Saxony have refused to acknowledge the new Berlin Government. The troops of Bavaria and Wurttemberg have declared their allegiance to their respective governments.

In the attempt by workers to invade the barracks at Frankfort one man was killed and four men were badly wounded.

U. S. SUBMARINE AGROUND.

San Diego, Cal., March 15.—Lieut.-Com. James R. Webb and three members of his crew were lost when the United States submarine H-1 went aground at the entrance to Magdalena Bay, Lower California, according to a radio dispatch received here yesterday.

Washington, March 15.—Reports to the Navy Department yesterday said the submarine H-1, which went ashore Saturday near Magdalena Bay, Lower California, was driven on the rocks during a storm, but could be refloated. Surviving members of the crew were rescued by a destroyer and an eagle boat.

The collier Neptune and another destroyed are en route to aid in refloating the vessel.

MISSION CLOSES

Large Congregation Present—Members Renew Baptismal Vows

The closing sermon of the men's mission at St. Mary' Catholic Church was delivered by Rev. Patrick H. McHugh last night. A congregation of men and women, who filled the church, attended.

At the conclusion of the sermon there was a renewal of the baptismal vows on the part of the congregation. The male members of the church, who occupied seats in the center aisles, and they had lighted candles, the lights in the church being extinguished, presenting a pretty scene. The attendance at the mission throughout the week has been large, and the mission was one of the most successful ever given at St. Mary's. It was conducted by Rev. John Gipprich, S. J., and Rev. Patrick H. Mc Hugh, S. J., of the mission house of South Norwalk, Conn.

SEVERAL FIRES

Two Auto Trucks Destroyed—Unoccupied House Burned

Fire at midnight last night destroyed a frame dwelling at the northeast corner of Gibbon and Alfred streets. The fire is thought to have been of incendiary origin.

Two big automobile delivery trucks were destroyed by fire early Saturday night which badly damaged the garage of W. E. Bain on the east side of Fairfax between Queen and Princess streets. The cause of the fire is unknown. There was no insurance on the trucks.

A defective flue is thought to have been responsible for a fire which at 9:30 o'clock yesterday morning badly damaged a frame dwelling on the south side of Commerce between West and Peyton streets. The adjoining dwelling also was slightly damaged.

A fire in a house on Cameron between Patrick and Henry streets, brought out the fire department about 10 o'clock Saturday night.

LEGISLATURE ENDS REGULAR SESSION

Library and Auditorium as Memorial to Fighting Forces Assured

MONUMENT FOR MAURY

Final Day is Crowded With Vast Amount of ImPortant Legislation—Work of the Session.

Richmond, March 15.—Concurrence, by the House, just before the curtain was rung down on its final session Saturday, in action previously taken by the Senate assures for Richmond a library building and auditorium as a memorial to Virginia soldiers, sailors, marines and women who served in the world war; a fireproof building for safekeeping of State archives, and monument to Matthew Fontaine Maury.

Measures providing for eventuation of the trio of projects encountered opposition, the one making possible erection of a shaft to Commodore Maury requiring two roll calls to accomplish its passage. The bill appropriates $10,000.

Forty thousand dollars is appropriated for a depository for Virginia's archives, and $2,000,000 for a memorial library. The measure providing for a memorial to Virginia's various sons and daughters carries an appropriation of $250,000 with a recommendation to the next General Assembly to make a similar appropriation and authorize a bond issue of $1,500,000. This is exclusive of the Ford lot site, which will be given the State in exchange for a fifteen-foot strip from the southern and eastern slopes of Capitol Square for the purpose of widening Bank and Twelfth streets.

Passage of these bills, coupled with inauguration of the budget system of appropriations, rejection of the Federal suffrage amendment, abolition of the State Department of Prohibition in 1922 and ousting of the present commissioner, and the providing of machinery to enable the women of Virginia to vote in the event of ratification of the Anthony amendment by thirty-six States, were the outstanding features of the 1920 session of the General Assembly, which came to an end yesterday evening, after sixty days of lawmaking.

INDORSE CRUPPER

May be One of Virginia Delegates to Republican Convention

The Republicans of Winchester and Frederick county at a mass convention several days ago, elected delegates and alternates to the State convention in Roanoke on March 17, and to the Seventh Congressional District Convention at Woodstock on March 25. The delegates were uninstructed. The convention adopted resolutions indorsing the position of Republican Senators who are opposed to ratification of the treaty of Versailles and the league of nations covenant in their present forms, and indorsing Congressman C. B. Slemp of Big Stone Gap, State Chairman Joseph L. Crupper, of Alexandria, and State Senator John Paul, of Rockingham, as three of the four delegates at large to the Republican national convention. A resolution offered by D. A. Robinson, a member of the Society of Friends, "unalterably opposing compulsory military training," was likewise unanimously adopted. Albert C. Brown and William S. Ryan were re elected county and city chairman, respectively. The convention was attended by a large crowd, and was harmonious throughout.

GIVE UP TITLES

Olten, Switzerland, March 15.—Six of the Hapsburg archdukes, who attended a family council here Saturday, resolved to renounce their titles and privileges of nobility and assume plebeian names. Those who signed the formal renunciation agreement were Archdukes Max, Eugene, Friedrich, Pierre, Ferdinand and Albrecht. The agreement stipulates, however, that former Emperor Charles shall remain the recognized head of the family.

CARLIN CHAIRMAN PALMER BOOM

Friends of Attorney General . . Seek His Nomination

MAJ. O. P. NEWMAN SEC.

Organization Effected Following Demand From Party Leaders That Voters of Country Indicate Choice.

Washington, D. C., March 15.—The statement by Attorney-General A. Mitchell Palmer yesterday to the Palmer state campaign committee at Harrisonburg, Penna., that he would be glad to have his name go before the electorates of the several states whose election laws provide for presidential preferential primaries, was backed up here today by announcement of the formation of the Palmer primary campaign committee.

This committee, composed of friends of the attorney-general and supporters of his candidacy was organized in answer to a demand from party leaders all over the country that there should be a central body to attend to the necessary organization work in placing the candidacy of Mr. Palmer before the voters of the country in order that they may indicate their choice of the presidential candidate to be selected by the Democratic national convention at San Francisco, California.

C. C. Carlin, for fourteen years representative in congress from the Alexandria, Virginia district, has been chosen chairman of the newly formed committee. Mr. Carlin was an intimate friend and co-worker of the attorney-general when the latter was a member of congress. Both were staunch supporters of the Wilson policies in the house and victors in many hard fought battles to carry into effect some of the most notable achievements of the Democratic administration. Mr. Carlin resigned from congress a year ago to practice law in Alexandria and Washington.

J. Harry Covington, treasurer of the new committee, was for ten years a member of congress from the Eastern shore of Maryland, and also a Wilson leader in the house. He resigned to accept the high appointment by President Wilson as chief justice of the supreme court of the District of Columbia.

Major Oliver P. Newman is secretary of the committee. He is a newspaper man whose friendship with President Wilson and Mr. Palmer began in the 1912 campaign. He was appointed by President Wilson and served for four years as president of the board of commissioners of the District of Columbia, resigning in 1917 to enter the field artillery. He went overseas with the Eightieth division and served for ten months in France.

Naturally the great initial strength behind the Palmer candidacy lies in Pennsylvania, his home state. Joseph E. Guffey and Vance McCormick have taken charge of the campaign for Palmer delegates and say that a solid delegation of seventy-six votes from Pennsylvania is more than assured McCormick, selected by President Wilson as chairman of the Democratic national committee in 1916 and for more than two years chairman of the war trade board, is editor of the Harrisburg Patriot. Guffey, who has shared the activities of Palmer and McCormick in building up the new and progressive Democratic organization in Pennsylvania is a business man of Pittsburg and candidate for Democratic national committeeman from Pennsylvania.

Headquarters of the committee have been established in the Munsey building in Washington.

Wilbur W. Marsh, Democratic national committeeman from Iowa and treasurer of the national committee is chairman of the Western Palmer primary campaign committee, and probably will have headquarters in Chicago.

CUSTOM HOUSE UNDER VIRGINIA

Representative Moore Succeeds in Having Transfer

WAS UNDER MARYLAND

Executive Order For Transfer Signed by President Wilson February 27—Affords Better Facilities.

Through the efforts of Representative R. Walton Moore, Alexandria has had its custom house transferred from the Maryland district to the Virginia district. The following letters explain the transfer.

March 11, 1920.

The Collector of Customs,
Baltimore, Md.

Sir:

According to advice received from the White House, the appended Executive Order was signed by the President on February 27, 1920. Its publication in the Treasury Decisions will follow in due course, viz:

Executive Order

Pursuant to the act approved Aug. 1, 1914, making provision for the sundry civil expenses of the Government for the fiscal year ended June 30, 1915, the boundaries of Customs Collection Districts No. 13 (District of Maryland) and No. 14 (District of Virginia) are hereby changed so as to detach the County of Alexandria from Customs Collection District No. 13 (District of Maryland) and place the same within the limits of Customs Collection District No. 14 (District of Virginia).

(Signed) Woodrow Wilson.

The White House
February 27, 1920.

I may state in the above connection that the change in the boundaries of the Maryland and Virginia Districts was deemed expedient in order to afford better facilities for the licensing of vessels hailing from points in Virginia adjacent to the County of Alexandria. As under existing regulations small vessels are required to be licensed at the nearest customs port in the Collection District from which they hail, this requirement has proved to be a hardship on owners of small vessels in the territory adjacent to the County of Alexandria who are compelled to go a considerable distance to the nearest Customs port in the Virginia Collection District for their documents.

At a recent conference held between a representative of the Department and members of the Alexandria Chamber of Commerce, the statement was made by one of the Chamber's representatives that while the plan of placing Alexandria in the Virginia District would be advantageous to the owners of small vessels hailing from the vicinity of Alexandria, if the assistance now afforded the Alexandria Customs officials by the Customs ports at the Georgetown Custom house was discontinued as the result of the change in districts, such action might be detrimental to the interests of the local shipbuilding plant. The representatives of the Chamber of Commerce were assured by the Department's representativ that notwithstanding the change in district limits as a matter of expediency arrangements would be made whereby the Customs force at Georgetown would continue to assist the Deputy Collector in Charge at Alexandria in all matters pertaining to the documenting of vessels and the entry of merchandise. I have, therefore, to request that appropriate instructions be issued by you to the Deputy Collector in Charge at Washington to render such assistance to the Alexandria Customs officials in the matter of documentation and admeasurement of vessels and the entry of merchandise when ever called upon in this regard

Treasury Department.
Washington, March 11, 1920

Honorable R. Walton Moore,
House of Representatives.

My Dear Congressman:

I am pleased to inform you that according to advice received from the White House, the President on February 27 last signed an Executive Order detaching the County of Alexandria from Customs Collection District No. 13 (Maryland), and transferring the same within the limits of Customs Collection District No. 14 (Virginia).

I am enclosing for your information copy of a letter this day addressed to the Collector of Customs at Baltimore bearing on the subject.

Very truly yours,
(Signed) Jouett Shouse,
Assistant Secretary.

"NIGHT DOCTOR" SCARE

Shortly after the close of the civil war many negroes in Alexandria became obcessed with an idea that they were liable to become victims of "night doctors." It was whispered about that this class made nocturnel hunts for subjects, and that negroes were preferred. It was said that plasters were suddenly placed upon the mouths of such as had been marked as victims. They soon became unconscious, and later were placed upon dissecting boards.

It seems that the scare is still on among some negroes of Baltimore. Stirred by a rumor which has become current recently that they were in danger of being kidnapped and carried to hospitals for medical research, many negroes living in the Central, Northeastern and Eastern districts of the monumental city have bought pistols and ammunition from pawnbrokers and second-hand dealers.

THIEVES GOT HIS LIQUOR

Baltimore, March 15.—When Luke P. McGuire was at prayer meeting, three unidentified visitors called at his home, 735 East Twenty first street, and hauled his five barrel of whisky away in an automobile truk. The stock is valued at $1,250.

The thieves made three trips to get all of the barrels.

MAY POSTPONE MEETING

Finance Committee Fixes Upon Parade Night for Important Hearing

The finance committee of the city council will meet citizens interested in the proposed tax rate at eight o'clock Wednesday night in the rooms of the Chamber of Commerce and hear their views on the matter. Council contemplated increasing the rate from $2 to $2.50 on the $100. Inasmuch as a big style show parade will be held that night it is hardly probable that anyone will attend and the committee doubtless will have to postpone the hearing to some other night.

Most of the business men interested are participants in the style show parade and if the finance committee insist on the hearing that night they cannot attend.

DREADNAUGHT CARNIVAL

Many surprises are in store for local followers of sport at the athletic and musical carnival to be given by the members of the Dreadnaught Athletic Club tonight at the Opera House, beginning at 8 o'clock.

Among those on the program are Gus Pohl, Earl Cornell, Tommy Cockrell, Johnny Bergin, Sailor Stein, Howard Lovrien, Hubert Steele, Bernie Hamilton, Johnny Arnold, Doc Sutton, Talbot Haslett, Lil Beaton, Leslie Deavers, Walter Dodd, William Remington, Blount, Chalmers and others.

IN MEMORIAM

LUMPKINS—In sad but loving remembrance of our beloved husband and father, Patrick H. Lumpkins who departed this life six months ago today, September 15th, 1919

It was in the early morning hour,
Six months ago today,
An angel of death came down to earth
And bore my husband away.

Sleep on dear husband and take your rest,
God called you home he thought it best,
In silence you suffered, in patience you bore,
Till God called you to suffer no more.

His devoted wife, Lucy W. Lumpkins

Nobly at his post he stood,
Father, fond, true and good.
Some times friends prove untrue,
But my love he always knew.

One more in heaven.

Easter! Get ready

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust' forth from the warm dark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray garb—tuning up to the wonderful days ahead. A man's way is to step forth in new attire.

Kuppenheimer good Clothes

express your "Springy" feeling properly. They are nice in their American fashion—they are earnest in their quality of material and workmanship. And they are true in their wear-worthiness.

Kuppenheimer good clothes are an investment—not only because they wear longer and wear properly, but they give your personality a right interpretation. They are proper companions to reflect yourself to the world that you mingle with.

Typical American clothes—and we are mighty glad to have men know that we sell them.

Classic No. 18—

The nick in your collar is a relic of the Seventeenth Century. In those days when the upstanding double collar was the vogue, the broad lapels would not lie flat, unless the collar was nicked. The style of coat collars has been altered often since then, but the notch or nick has remained.

The Style Show

Offers us the opportunity of presenting fashion in interpretations so lovely, so alluring and so original as to satisfy, we are sure even the most jaded fancy.

NOVEL LINES IN SUITS OF SPRING

While greater than usual vogue is predicted for the tailleur, this Springtime exhibit offers much diversity in more elaborate styles, too. To look beautiful is nice. Ah, but to look young that is every woman's ambition and one that Fashion shows her approval of by offering the Bendheim Suits. The extremely modish, are ripple effects and bloused jackets Skirts—and quite often jackets, also—evince a decided preference for accordion pleats. Prominent among the fabrics are homespuns, serges and tricotines

Those who seek larger sizes and conservative models as well as those who demand newer effects will here find the fulfillment of their desires, for variety and Springtime splendor are found in full.

Neckwear—Side, day or about, and frilled effects is here and most of these delectable presentations are developed of the sheer supple materials such as nets and organdies because they may be pleated with much facility.

Hosiery, Gloves, Veils and Handbags—each item may be chosen here from a representative display, with absolute assurance of correctness and quality. Varieties are such that choosing becomes a pleasure—not a duty.

COATS OF MARKED INDIVIDUALITY

There is no need to look further than this display for all the season's most fetching modes are here. The short sport coat with loose rippling back, is undeniably a favorite. Just as alluring, however, is the longer utility garment which intrigues one's fancy with its full back blousing at a low waistline and panel effects.

THE VOGUE IN FROCKS FOR DAY AND EVENING

Like "miniature Niagara Falls," many of the smartest Afternoon Frocks of silk offer bouffant draperies in veritable cascades over each hip. Others achieve the wide-just-below-the-waist silhouette by clever cartridge pleats, unique outstanding pockets or quaint ruffle effects. Delightfully modish for street wear are the modes of tricotine and serge. They lean markedly toward Balkan lines. Waistlines on these Spring Frocks vary from the normal to just-below-the-hip types. Those socially inclined will rejoice in the glistening, vividly colored Evening Gowns with their coquettish wee sleeves and full hips.

BLOUSES AND SKIRTS LEAGUE THEMSELVES WITH FASHION

From the pleated Basques to the faultlessly tailored models, this showing runs the entire gamut of Blouses, Slipover, peplum, frilled and full, much bloused kimono styles—all distinctive in fashioning—will surely make you want to select them in numbers. One thing that you will notice is the great number of brief sleeves which prevail. The skirts oftimes echo the fabrics of the Blouses. At other times, they are developed of rich plain or plaid woolens, but always, as inspection of these modes will prove, they are ultra-modish and different. Jabot draperies are also important features.

No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful."

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland.

Built in a fine big factory, with all conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

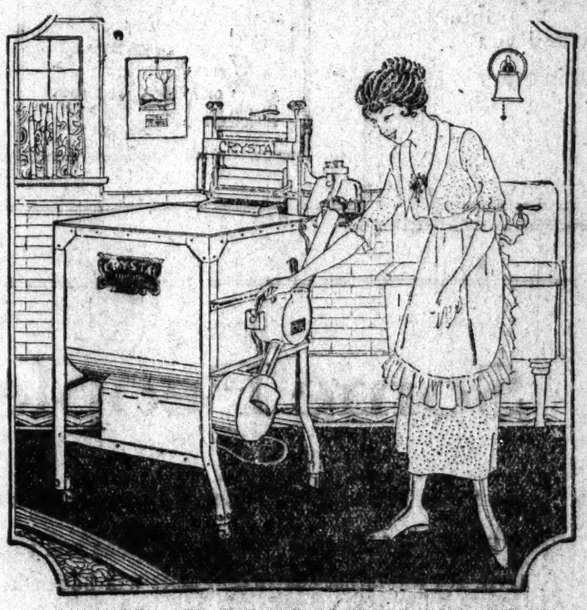
Free Yourself of The Housework Grind



Bring a little sunshine into your house—take away the bugaboo of spring housecleaning and keep your women folks in excellent humor from one season to another.

Let our electrical appliances shoulder the burdens of housecleaning time.

The CRYSTAL will do your washing more quickly—more cheaply—than any laundry—and the APEX will do your cleaning under the same guarantee. These two work together for the ultimate benefit of the woman of the house and will more than pay for themselves in the saving of labor and energy.

The APEX keeps the polish on the furniture by getting the gritty dirt before the dirt mars the polish. Not only does the Apex absorb the easily-seen dust and dirt, but its inclined nozzle gets clear into the corners; it cleans right up to the baseboards; it pokes under heavy furniture.

The APEX saves hours of time for other duties and recreations.

Let us install these two labor savers in your home today. We will let you give them a fair trial. Then, if you are not satisfied, you need not keep them. If you like them, we will arrange terms.

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

How a Man Can Dress Better —And At a Lower Cost

The Way To Wear Good Clothes
At An Outlay You Can Afford

YES, ... and clothes cost more than in the old days. That is most frankly true.

No use trying to evade it by paying a lower price than good clothes can be sold for. The last thing in the world most of us can afford is a "run-down-at-the-heel" appearance.

BUY *good* clothes and nothing else. Good clothes, honestly made of all-wool fabrics. Then get out of them all the service that the maker has built into them.

Don't wear the same suit day after day. Have several suits and change them frequently. All of them will wear much longer. See that your clothes are properly put away on hangers—never over night. Have them brushed often and pressed regularly.

IT IS amazing how Kirschbaum Clothes respond to such care. The all-wool fabrics keep their freshness and full color. The shape stays because it is put into the garment stitch by stitch. The smart well-groomed lines are there right up to the very last.

Wear Kirschbaum Clothes. Give them the care their good quality deserves. It means money in your pocket; better looking clothes on your back!

Kirschbaum Clothes

You will find them here in the new styles and fabrics for Spring and Summer—priced at $50 to $75.
